RE: Letter of Endorsement for Michele Weslander Quaid, Independent, U.S. Congressional Candidate, 24th District

I first became aware of Michele and her run for California's 24th Congressional District in January 2022. Then I had the opportunity to hear her speak in Atascadero in March and spoke with her afterwards. I was so impressed with her as an intelligent, articulate, qualified candidate with like-minded Conservative and godly values that I set out to learn more about her candidacy platform.

In a political climate in which career politicians make promises on the campaign trail, then do and say the exact opposite once in office, it is difficult to know whom we can trust anymore. But, with regards to Michele Weslander Quaid, I have every confidence that she, a Constitutionalist and registered Independent with conservative values, will serve the 24th District with integrity, professionalism, and compassion. I wholeheartedly believe that Michele is who she says she is—a Patriot who loves America.

Michele's background is impressive:

"Post-9/11/2001, she was recruited into public service to lead change, innovation, and organizational transformation, and became one of the youngest people ever sworn in as a senior executive in the US Government. As a government official, Michele led the cultural and technical integration of the national security community, establishing and serving in senior leadership positions in defense and intelligence."

Coupled with Michele's background as a small business owner, a former U.S. Government Executive, Google's former Chief Technology Officer working for public sector and Chief Innovation Evangelist working with international partners and clients, her love of God, and her desire to see America return to its founding values as a constitutional republic, makes Michele more than qualified and will bring morality and sanity back to California's Congressional District 24.

Also, in 2014, Entrepreneur magazine highlighted Michele as one of the "7 Most Powerful Women to Watch".

Listening to Michele, she is clearly passionate about:

- ◆ Individual Liberties & Inalienable Rights
- ◆ Constitutionally Limited Government
- ◆ National Security & Secure Borders
- ◆ A Strong Military
- ◆ Excellence in Education
- ◆ Fiscal Responsibility & Lower Taxes
- ◆ American Energy Independence
- ◆ Support for First Responders & Veterans

Michele's sentiment below resonates with me and with the Patriots of 4 THE REPUBLIC:

"If America falls, there is no place for freedom-loving people to go. We must recognize what is at stake and take a courageous stand to preserve our liberty."

With sincerity, I am privileged to wholeheartedly support and endorse Michele Weslander Quaid as the next Congresswoman for U.S. Congressional District 24...4 THE REPUBLIC!

Sincerely,

Maria C. Smith
